## Funding Allocation and Planned Expenditure

Leicester City Primary PRU has allocated catch-up funding of £10,080. The expenditure highlighted below specifies how this catch-up funding will be used. Other costs relating to the support provided through our holistic approach are detailed in our School Development Plan.

Our whole school curriculum places strong emphasis on the development of PSED, character traits and supporting mental health; balanced with the academic demand and rigour of the core subjects.

Our curriculum anticipates that pupils who are referred to the PRU will already have significant gaps in their learning as a consequence of periods working outside of the classroom and/ or at home. They have significant SEMH needs and may also have unmet learning needs. We have not chosen to implement a post-COVID recovery curriculum as our core curriculum is designed to meet the individual needs of our pupils.

For 2020-22, we will be developing our practice to become a Trauma Informed school. The therapeutic interventions planned through our catch-up funding are a key part of this work, supporting our pupils in developing their emotional fluency and enabling them to become ready to learn.
